# MEWEA 2022 Fall Convention

## 2022 Executive Committee

### President

Dave Beauchamp,  
Vortex Companies

### First Vice President

Tim Wade,  
TW Environmental  
Consultant

### Second Vice President

Gretchen Anderson,  
Town of Windham

### Immediate Past President

Phil Tucker, York Sewer  
District

### Secretary/Treasurer

Jeff McBurnie, Casella  
Organics

### NEWEA State Director

Paula Drouin, LAWCPA

## Committee Chairpersons

### Awards

Mike Guethle, Wright-  
Pierce

### Collection Systems

Ben Stiles, Wright-Pierce

### Communications

Bryanna Denis, Wright-  
Pierce

### Convention

Phil Tucker, York Sewer  
District  
Stacy Thompson, City of  
Saco WRRD

### Government Affairs

Amanda Smith, Bangor  
Wastewater  
Emily Prescott, Saco  
WRRD

### Laboratory

Andy Wendell, Clear  
Water Lab

### Membership

Rob Pontau, Brunswick  
Sewer District

### Personnel Advancement

Charlene Poulin,  
Portland Water District

### Pretreatment

Terry Tucker, York Sewer  
District

### Public Relations – TBD

### Residuals Management

Travis Peaslee, LAWPCA  
Andre Brousseau,  
Sanford Sewage District

### Stormwater

Sarah King, Haley Ward  
Inc.  
Kristie Rabasca,  
Integrated  
Environmental  
Engineering

### Treatment Plant Ops.

Alex Buechner,  
Biddeford

### Young Professionals

Brody Campbell, Wright-  
Pierce

Dear friends/colleagues:

On behalf of the Maine Water Environment Association, I am honored to personally invite you to join us at the 2022 Fall Convention, to be held at the Sunday River Resort at Newry, Maine from September 21-23.

The convention will kick off as usual with our annual golf tournament on Wednesday, September 21st. You can decide to golf or just spend the day enjoying the scenic area. Please be sure to sign up and attend the Wednesday evening BBQ dinner after the golf tournament.

September 22 & 23 you will have the opportunity to attend excellent technical presentations. It is a great opportunity for water professionals in Maine to get together for the purpose of learning, networking, and perhaps even a little fun. Immediately following the sessions on Thursday, will be the Meet & Greet. This is a time to network with vendors, fellow operators, learn more about products and have a good time! Again, the Collection Systems Committee will be hosting the annual cornhole tournament following the Meet & Greet. The convention is designed to offer something valuable to each one of you, whether you are a long-standing member, brand-new member, student considering entering the field, contractor, vendor, regulator, or an elected official. Together, we make a diverse and amazing group of water professionals, and the convention allows us to connect and learn a lot from each other as well.

Our Convention Committee and Personnel Advancement Committee did a fantastic job putting together the Sessions/Speakers. We hope you find this year's session offerings both interesting and relevant.

Again, thank you all who helped put this Convention together. We look forward to seeing you at what promises to be an opportunity to learn and expand your network.

Sincerely,

Dave Beauchamp  
Vortex Companies  
2022 President/MEWEA

# Session Map

Thursday, September 22, 2022

<u>Time</u>	<u>Title</u>	<u>Location</u>
7:00am – 8:00 am	Registration and Breakfast	South Wing Lobby
8:00am – 8:30am	Vendor Time	Grand Ballroom

## Session 1: Rethinking Reorganization

<b>Room: Ballroom 3</b>	<b>Course Instructor:</b> Rob Pontau, Brunswick Sewer District
<b>Time: 8:30 AM - 9:30 AM</b>	<b>Course Description:</b> This presentation will discuss the reshaping of Brunswick Sewer District's entire organization to fit the needs of their community and staff, due to retirement of both the General Manager and a supervisor with over 30 years of experience.
<b>TCH: 1 BLWSO, 1 DEP (Management)</b>	

## Session 2: Practical Hydraulics – Design and Operations Considerations and Lessons Learned with Wastewater Pumping Systems

<b>Room: Simonds</b>	<b>Course Instructor:</b> Fred Mueller, PE, Tighe & Bond
<b>Time: 8:30 AM - 9:30 AM</b>	<b>Course Description:</b> This presentation will review some basic concepts in the design and operation of pumping and piping systems with a focus on wastewater operations and then provide a detailed overview of the more detailed design considerations that if overlooked could negatively impact operations.
<b>TCH: 1 DEP (Operations)</b>	

## Session 3: Biosolids Master Planning during Regulatory Changes

<b>Room: Ketchum</b>	<b>Course Instructor:</b> Scott Firmin, Portland Water District and Tracy Chouinard, Brown and Caldwell
<b>Time: 8:30 AM - 9:30 AM</b>	<b>Course Description:</b> This presentation will outline PWD's path to sustainability and the safe managing and processing of biosolids, considering emerging contaminants and evolving regulations.
<b>TCH: 1 DEP (Operations)</b>	

**Time**

9:30am – 10:00 am

Break/Vendor Time

**Location**

Grand Ballroom

**Session 4: Bridging Differences for Inclusion****Room: Ballroom 3****Time: 10:00AM - 11:00AM****TCH: 1 BLWSO, 1 DEP  
(Management)****Course Instructor:** Jasmine Strout and Ko Ishikura, Green International Affiliates**Course Description:**

This presentation will cover eliminating subconscious bias and hiring employees that align with diverse culture through hiring practices. Promoting diversity through workshops, celebration, and events.

**Session 5: "Project Pipeline" Resiliency Projects in Maine****Room: Simonds****Time: 10:00AM - 11:00AM****TCH: 1 BLWSO, 1 DEP  
(Operations)****Course Instructor:** Maeve Carlson, Wright-Pierce**Course Description:**

This presentation will focus on how to identify, formalize, and then apply for support for projects that have climate resiliency. The presentation will be talking about resiliency in general and will highlight some of the specific programs that help organize and fund these projects.

**Session 6: Designing for Uncertainty – A Case Study of the Kennebunk Wastewater Treatment Facility****Room: Ketchum****Time: 10:00AM - 11:00AM****TCH: 1 DEP (Operations)****Course Instructor:** Don Esping, Brown and Caldwell; Mark Allenwood, Brown and Caldwell; Chris Gallant, Kennebunk Sewer District**Course Description:**

This presentation will cover the alternatives analysis and business case evaluation done at KSD, with an aim to provide guidance to utilities and engineers as to ways to design and build flexibility for uncertain permit requirements. (BCE) given this uncertainty and the impending need to replace the RBCs. The presentation will cover the alternatives analysis and BCE with an aim to provide guidance to utilities and engineers as to ways to design and build flexibility for uncertain permit requirements.

**Time**

Registration & Breakfast

**Location**

Camp Restaurant

Session 13: Operating Selectors (what to expect when you are selecting)	
<b>Room: Ballroom 3</b>  <b>Time: 8:00AM - 9:00AM</b>  <b>TCH: 1 DEP (Operations)</b>	<b>Course Instructor:</b> Scott Firmin, Portland Water District  <b>Course Description:</b> This presentation will provide an overview of selectors and review performance of the technology at a treatment plant over several years.

Session 14: COVID-19 in Wastewater: What the Samples are Saying	
<b>Room: Simonds</b>  <b>Time: 8:00AM - 9:00AM</b>  <b>TCH: 1 DEP (Operations)</b>	<b>Course Instructor:</b> Phyllis Rand, Greater Augusta Utility District  <b>Course Description:</b> This presentation will discuss the results, the public's initial and current reaction, and use of the data by state and federal agencies that monitor the spread of Covid-19 from GAUD's influent wastewater sampling for the SARS-CoV-2 virus from 2020-2022.

Session 15: Building Resiliency Part 1: Strategic Planning and Preparation	
<b>Room: Ketchum</b>  <b>Time: 8:00AM - 9:00AM</b>  <b>TCH: 1 BLWSO, 1 DEP (Operations)</b>	<b>Course Instructor:</b> Thomas Bahun II and Dan Bahun, Tom's Water Solutions  <b>Course Description:</b> This presentation will take a deep dive into the creation and maintenance of SOPs with consideration to formatting, organizing, and reviewing. Next it will move into cross training, learning about tips, tricks, and methods to creating and implementing a cross training plan.

**Time**

9:00am – 10:00am

**Title**

Break/Vendor Time

**Location**

Grand Ballroom

**Session 16: Don't Treat Your Soil Like Dirt (and other life lessons to reduce the adverse impacts of stormwater)**

<p><b>Room: Ballroom 3</b></p> <p><b>Time: 10:00AM - 11:00AM</b></p> <p><b>TCH: N/A</b></p>	<p><b>Course Instructor:</b> Fred Dillon, City of South Portland</p> <p><b>Course Description:</b>                  This presentation will cover the pesticide and fertilizer ordinance in South Portland, which support the City's MS4 program. Overview and update will be provided on the City's methods to reduce perceived regulatory burdens while still maintaining the environmental protections specified in the ordinance.</p>
---	--

**Session 17: Building Resiliency, Part 2: As Easy As Tying Your Shoe**

<p><b>Room: Ketchum</b></p> <p><b>Time: 10:00AM - 11:00AM</b></p> <p><b>TCH: 1 BLWSO, 1 DEP (Operations)</b></p>	<p><b>Course Instructor:</b> Thomas Bahun II and Dan Bahun, Tom's Water Solutions</p> <p><b>Course Description:</b>                  This presentation will be an interactive SOP development class. Join them for a hands-on experience in the creation and utilization of SOPs.</p>
--	---

**Session 18: Infrastructure Assessment and Rehabilitation**

<p><b>Room: Simonds</b></p> <p><b>Time: 10:00AM - 11:00AM</b></p> <p><b>TCH: 1 BLWSO, 1 DEP (Operations)</b></p>	<p><b>Course Instructor:</b> Laurie Perkins, Wright-Pierce</p> <p><b>Course Description:</b>                  This presentation will discuss the need for infrastructure assessment to identify structural deficiencies, I/I sources, and the overall asset management approach involving issues, solutions, rehab, and cost.</p>
--	---

**Time**

11:00am – 12:00pm

**Title**

Lunch

**Location**

Camp Restaurant

### Session 19: Low Hanging Fruit: Making Cybersecurity Easy

<b>Room:</b> Ketchum	<b>Course Instructor:</b> Thomas Bahun III, Tom's Water Solutions
<b>Time:</b> 12:00PM - 1:00PM	<b>Course Description:</b> This presentation will explore cybersecurity for the water and wastewater sectors with emphasis on the low hanging fruit that anyone, regardless of technical expertise, can implement to improve their security.
<b>TCH:</b> 1 BLWSO, 1 DEP (Operations)	

### Session 20: In The Thick of It: Practical Advice for Thickening and Dewatering Upgrades

<b>Room:</b> Simonds	<b>Course Instructor:</b> Erik Osborn and Tom Herer, Woodard and Curran
<b>Time:</b> 12:00PM - 1:00PM	<b>Course Description:</b> This presentation will give practical advice on how to take your solids handling operations to the next level using examples from recently completed projects in Maine and elsewhere, including PFAS and other trends in the disposal market.
<b>TCH:</b> 1 DEP (Operations)	

### Session 21: PFAS Effluent Sampling Project

<b>Room:</b> Ballroom 3	<b>Course Instructor:</b> Judy Bruenjes, Jim Crowley, Brett Goodrich – DEP
<b>Time:</b> 12:00PM - 1:00PM	<b>Course Description:</b> LD 1911, signed on April 22, allows Maine DEP to require sampling of wastewater effluent from licensed surface and supplemental dischargers for perfluoroalkyl and polyfluoroalkyl (PFAS) compounds. DEP will initiate an effluent sampling project in the fall of 2022 that will run for approximately 10 months.
<b>TCH:</b> 1 DEP (Operations)	 This talk will cover the effluent sampling project, including overall methodology and goals, sampling techniques, preservation and hold times, laboratory analysis and reports, data flow, Chain of Custody (CoC), field data sheets, QC samples, and equipment decon. DEP will discuss the different sample collection approaches for 1) public facilities with surface water discharges, 2) public spray irrigation facilities with discharges to the ground sampled by monitoring wells, 3) ambient water samples collected from samples points within ½ mile of the surface water collection point, and 4) private systems.

**Time**

1:00am – 1:10am

**Title**

Break Time

**Location**

Grand Ballroom

**Session 22: Government Affairs/DEP Updates****Room: Ballroom 3****Time: 1:10PM - 2:10PM****TCH: 1 DEP (Operations)****Course Instructor:** Gregg Wood, GA Committee**Course Description:**

This presentation will update members on current activities of MEWEA's Government Affairs Committee and have updates from the Maine Department of Environmental Protection.

**Session 23: Holistic Approach to Maintaining and Restoring Sewer Systems****Room: Ketchum****Time: 1:10PM - 2:10PM****TCH: 1 DEP (Operations)****Course Instructor:** Shawn Ready, Vortex Companies**Course Description:**

This presentation will provide a holistic approach to maintaining and restoring aging sewer systems, and look at different assessment approaches, design, and recommendations of rehabilitation methods.

# 2022 Attendee/Guest Registration Form

## MeWEA 2022 Fall Convention – Sunday River – Sept. 21-23, 2022

Complete and return this form with your check made payable to:  
 MeWEA, 15 University Dr, Augusta, ME 04330 or 207-623-9511 or  
 register online and pay with credit card, visit [www.mewea.org](http://www.mewea.org)
